About us

NorthSouth Foundation

Encouraging Excellence in Education.

**Empower every child to achieve
their maximum potential**

**Provide education
scholarships and
resources to needy
children**

**Empower every
child to excel in
education and to
be an empathetic
and holistic leader**

**Provide a platform
for volunteers to
support the
community**

**No child should fall behind for lack of opportunity to learn.
Learning propels all children to reach extraordinary levels.
Creative learners build progressive and harmonious
communities.**

Honesty | Empathy | Accountability | Respect | Transparency

Tutoring & Homework Help

➤ Grade Level Free Tutoring Program/Homework Help

- This is to help students that may be falling behind in Math and Reading at their grade level.
- Free personalized and flexible tutoring program for eligible students.
- The lessons will be held via Zoom or Google Online conferencing websites.
- Tutoring is 1-2 times/week, for 45-60 mins each.
- Program volunteers will work with students, identified by the schools and teachers, needing help on specific topics.
- Can involve activities such as: teaching the specific topics, math and reading homework help, assigning additional homework and helping with chapter quizzes and state test preparation.

AP Review Courses - Summer 2023

July - August 2023

16 Sessions per subject, 1.5 hr per session, twice a week for 8 weeks

Courses Offered

AP Biology	AP Chemistry	AP Physics	AP
Calculus AB/BC			
AP Computer Science Applications		AP Pre-calculus (New AP)	

Benefits of AP Classes

- Earn college credit
- Demonstrate interest in certain fields
- Become advanced in various topics, gain an edge when you enter college

Coaches:

High school students and Adults - Proficient in the AP subjects they coach.
Content developed under the guidance of a subject matter expert

Brainwaves - Neuroscience education for K-8 students

- Neuroscience outreach for K-8 students
- Fun, engaging activities exposing students to real science through brain-oriented activities
 - Brain dissections, craft activities, guided experiments, guest workshops
 - Example lessons: “Brain Cap” Anatomy Exploration, The Brain on Music, Mindfulness, Dementia and Aging, etc.
- NorthSouth can conduct lessons/activities virtually via online conferencing platforms
- All material accredited by Mayo Clinic (Jacksonville)
- Goals: rich exposure to STEM, career awareness
